

*Dear Robert,*

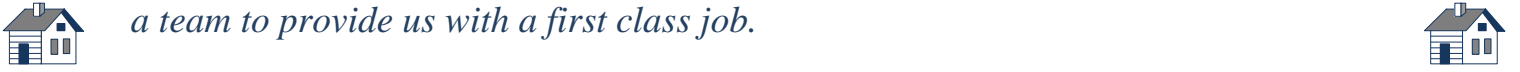

*The work on our home has been completed. The storm damage of was severe enough to require contacting a professional restoration contractor. Your company responded immediately to our emergency call and M.J. and Travis arrived early Saturday morning to remove the tree with had pierced our roof and came through the kitchen ceiling. They quickly made a temporary repair to the roof to prevent further water damage to the interior of our home and arranged for an electrician to check the wiring which had been disturbed by the tree. Their quick response allowed us to continue with a planned vacation.*

*This unfortunate incident caused us to make a long overdue decision to upgrade and remodel our kitchen in addition to completing the storm damage repairs. We had discussed many times over the past several years about replacing our kitchen but, the time was never right until our hand was forced.*

*Royce, Kirk, M.J. and Chuck worked with us to get the job estimated and completed in a very timely manner. We can't say enough about the professionalism of M.J., Travis, Milton, Rick & Bobby. Their expertise shows in the final product. Brian along with your other sub-contractors worked together as a team to provide us with a first class job.*

*We have received nothing but compliments from everyone who has seen the results of the work done by your employees. We wanted to let you know that you have a great group of employees and to thank you for all that you and your company have done for us!*

*Sincerely,*

*Bowie, MD*
