

*Hello all,*

*Lena and I would like to send all of you a heart-felt THANK YOU for a job well done! We surely appreciate all the hard work over the past several months, since the tree fell on our house. Your expertise and dedication to a job well done is evident in our beautiful, like-new home!*

*MJ is truly an asset to the Capezio organization. He puts up with impatient customers in a professional manner, he was very responsive to our requests, and, most importantly, he made sure the job was done right in as short a time as possible. We trusted MJ with our most valuable possession, and he delivered as promised. We (especially Jack) will all miss seeing MJ walk in the door in the mornings.*

*Kyle and Chris did an AMAZING job of sorting through all the rubble and figuring out what needed to be done. Working together as a team in a professional and experienced manner, they were more than generous with the repair work, and now our home is in much better condition than before the storm. Both Kyle and Chris clearly had our satisfaction in mind every step of the way, and we knew that we could depend on them to do the right thing within the budget constraints. A special call-out to Chris for appearing on our doorstep the day after the storm in spite of all the other customers with similar damage.*

*Milton was also a pleasure to have working in our home. Milton is a dedicated craftsman who is clearly passionate about his work and he consistently went out of his way to exceed our expectations every time he walked in the house. His friendly demeanor and work ethic will surely be missed, but not forgotten. Keep on running, Milton!*

*We'll also miss George -- probably one of the friendliest and kindest folks to ever hold a hammer. Like Milton, George would absolutely bend over backwards to fulfill any request, no matter how insignificant. George was never satisfied with a particular task until Lena and I were satisfied. Without a doubt, craftsmen like Milton and George are a large part of the reason why we would recommend Capezio to anyone who might find themselves in a situation like ours.*

*All of the support from Erin and the rest of the office staff also made this harrowing, hectic, and dreadful storm/tree experience all the more smooth and stress-free. She was always available to answer questions in a friendly and courteous manner, and she was instrumental in making sure that the paperwork side of things progressed smoothly and effortlessly from our perspective.*

*We apologize in advance if we neglected to mention everyone involved in this project, as there were numerous other employees and contractors who all contributed to the success of the project. Rest assured that we appreciate all contributions, no matter how small.*

*Again, thanks to all for a job well done! We would gladly provide references if you so desire, and we'll definitely be in touch should the need for your services become necessary in the future. And please consider yourselves part of our family because all of your contributions and hard work are now a part of our home.*

*Warmest wishes for success and happiness,*

*Fulton, MD*
